KC News

Memorial services were held on Monday night for Lucas Pucheu, Jr., A.D. Benvenuti and William W. Baltar II.

Birthday greetings are extended to Warren "Buck" Buehler, November 8. This is Buck's 42nd.

Last Sunday's attendance at the K of C Communion was very gratifying and we especially congratulate the men who worked so hard in contacting the membership. These were: Edward Heitzmann, Gustave Thomas, Chester Favre and Carl Arnold.

Of course Henry Lang is still chairman of the group and he advised the writer that a complete breakfast will be served at the Hall following the new monthly Communion. Seventy-eight were in attendance last Sunday.

For several years the writer and several other of Ed Murtagh's close friends have kidded him about nick-naming his first son "KC" but it seems that every one lost their patience and until Saturday had given up all hope of a son for Eddie and Beryl. An early morning telephone call on Sunday brought the news—a son to the Murtaghs. Our heartiest congratulations and we hope that the grandfather, Douglas Bourgeois, holds up under the strain—the first grandson after 11 granddaughters.

We would also like to introduce you to Miss Lisa Pauline Thomas who arrived in Gulfport on Wednesday morning, November 1st weighing 8 lbs., 1 oz. The proud parents are Mr. and Mrs. Gustave Thomas.

Happy to note that Ted Morel Sr. is now out of the hospital and back on his job at the court house.

Congratulations to Mr. and Mrs. Bill Brassett on the arrival of their fifth child, a daughter, on October 31. Mrs. Brassett is the former Jo Ann Bontemps, daughter of Mr. and Mrs. Wallace J. Bontemps.

Sorry to hear that Capt. Ivan Bradford is confined to the local hospital but latest reports indicate that he will only be there for a short stay.

Retarded Children Organization Membership Open To Individuals, Etc.

The Hancock County Association for Retarded Children is opening its membership to individuals, firms, and civic groups within the area who desire to assist the efforts of the group in its program for the retarded children in the county.

Warren Carver, president of the local association, said that membership in the chapter already has reached 26, however, he said that additional membership support will greatly assist the work of the chapter now being programmed.

Membership in the chapter is not restricted to the families of the retarded child, Carver said. The present membership already includes civic leaders, county government officials, and other individuals who are interested in the success of the program.

At the October meeting, the membership of the chapter voted to accept as members, those firms, civic groups, and service organizations, in addition to individuals, who desire to assist in the program. Dues on an annual basis are: individual \$4.00; firm, civic group, corporation, etc., \$25.00. Life memberships are: individual \$25.00; firm, civic group, corporation, etc., \$100.00.

Carver said that all those desiring membership or additional information about the program should contact Mrs. Estelle Depree at HO-7-4468.

The Hancock County Association for Retarded Children is dedicated to the training and care of the mentally retarded child. Its program is aware that every child including the mentally retarded, has the right to happiness, the opportunity to develop to best of its capabilities, and in many cases to lead a productive life.

In the United States today there are over 4,800,000 mentally retarded children and adults. The NARC points out that these individuals will remain handicapped throughout their lives, requiring special consideration, special facilities and training, and continuing care. The National Association has more than 400 local units. The local chapter welcomes public support within its area.

These are the products of man's labor—and God's. From the moment the seedlings were placed in the warm earth, they have been under constant care.

First came the rain and the sun—and then the ceaseless work of fertilizing, cultivating, and spraying. Last, came harvest time, when the proud growers gathered the rewards of their labor.

Only by such diligence can we hope for a truly bountiful crop. God has given the refreshing rain and warm sunshine, but He expects us to do our part.

And so it is with the care and cultivation of our spiritual lives. Man is endowed with many talents and qualities, but unless he tends and nurtures these gifts, they will not increase and grow.

Harvest time in the life of every person is at maturity, when men are at the peak of their usefulness and wisdom. By attending the services of the Church and by studying the Scriptures, we will realize greater happiness and contentment here on earth—and will be preparing ourselves for the RICH HARVEST of a life hereafter.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Every county in Mississippi is in the process of starting reviving or revitalizing an organization for Rural Areas Development, according to D. W. Rivers, program leader of the Agricultural Service.

"The objectives of this effort are to develop the human and economic resources of an area to their fullest potential. It will bring together all resources to attack income, unemployment and underemployment problems," he explained.

"The word, 'Rural' as used here means whole counties, not just the areas outside of urban communities.

When county organizations are perfected, committees and sub-committees will begin coordinating and making additional plans for overall economic development of the county, both agricultural and non-agricultural. The program calls for concerted efforts of all appropriate groups, agencies and organizations.

"The program must be developed by people at the local and county level if it is to be effective," Mr. Rivers stressed. "Through the Area Redevelopment Act passed at the recent session of Congress, some financial and technical assistance is available to areas in implementing their program of development."

The Mississippi Areas Development Committee was organized on October 6 at a meeting called by the Agricultural Extension Service. Dr. W. E. Johnson of Ripley was elected chairman, and Mr. Rivers was named executive secretary.

Local Extension Service staffs are providing the organizational and educational leadership in this program.

MAID MRS. APPHONSE SAUCIER

Some questions have been raised recently concerning who must have a commercial drivers license. After reviewing the questions and the laws and ruling on the subject, Director of Drivers Licensing A. M. Smith has released the following information:

Drivers of vehicles, classified as common carriers, which include taxicabs, passenger coaches, drays, or private commercial carriers, must have commercial drivers license. Private commercial carriers include pickup trucks and similar vehicles that are issued "P" tags. Many of the questions pertain to drivers of vehicles with these tags. It is necessary if a pickup, panel or station wagon carries a "P" tag for the driver to have a commercial license. The only exceptions are persons operating these vehicles in an emergency or for private purposes.

The commercial license may be obtained from the Department of Public Safety in Jackson or from any of the various district Drivers License Examiners. Commercial licenses are issued for one or two year periods, and the fee is \$3.50 for a one year license and \$7.00 for a two year license. A commercial license may be renewed at the Patrol headquarters in Jackson, the County Sheriff's Office, or the City Clerk's office. Renewal fees are \$3.50 for one year and \$7.00 for two years.

Upon motion of Supervisor Friserson duly seconded by Supervisor Russ that the Clerk of this Board is hereby authorized and directed to issue warrant to Mrs. Alphonse Saucier in the amount of \$30.00 to help her financially during her illness.

IT IS FURTHER ORDERED by the Board that the Clerk issue warrant in the amount of \$15.00 to be paid September 5, 1961, said amount to be paid out of the Pauper Fund and to cease when her health improves.

The above motion was unanimously accepted by the Board.

The Federal Home Loan Bank report covering the activity of the 34 Mississippi members of the system shows the associations added a net total of \$2,165,250 to their savings accounts. New savings in September were \$5,550,043 and withdrawals were \$3,385,393.

The months net intake was \$198,037 greater than the year earlier \$1,967,213 and pushed the associations' net savings capital to \$274,397,226, an increase of 13.2% over the year ago, \$242,418,761. On the lending side the 34 associations closed mortgage loans totaling \$9,124,057, well ahead of the September 1960 total of \$5,205,678, and the \$6,096,759 recorded for August 1961.

State Schools Rich With Graduate Study Material

Mississippi colleges and universities over the years have achieved an impressive record of academic achievement. A partial accounting of June graduates from Mississippi schools reveals that over 150 graduates have received scholarships, fellowships or some other type of educational grant for advanced graduate study. Through graduate scholarships and grants tangibly demonstrate each school's educational prestige, educators also point with pride to the thousands of Mississippi college undergraduates who are today providing the social, cultural and leadership not only Mississippi, but elsewhere.

Employment Record

Employment reached a record high in Mississippi last month. The September employment was listed as 414,100 which was above the previous record of September, 1959. There was an increase of 3,000 workers in September, mainly because of the reopening of schools. Non-manufacturing employment reached 291,200, exceeding the previous high set in December, 1960, more than 3,000. Manufacturing employment was 122,900.

Highway Safety

It is encouraging to note that the death toll on Mississippi highways was 109 lives fewer in October 16 than during the corresponding period last year. Mississippi's record of experience 109 fewer highway traffic deaths this year proves that much can be accomplished through emphasis on safe driving and operation by the motoring public.
